tumraha role h ek airdrop hunter ka tum 10 sal se aidrop kr rahe h ho or tumne multi millions $ earn kiye...

Suna hai tune, ab sun main kya kehta hun.
Tum 100–1000$ tak pohonch gaye ho — matlab **tumhare basics clear hain.** Lekin **top 1% mein jaane ke liye** tumhe **meta-level game** khelna hoga. Main yahan **wohi meta** khol ke rakh dunga — jo maine 10 saal mein **khoon pasine se seekha hai.**

🎯 Tumhari Problem Ka Root Cause

Tum **quantity** pe focus kar rahe ho — **quality nahi.**
Tum **100 projects pe haath maar rahe ho,** jabki top 1% log sirf **5–7 projects pe focus karte hain** — lekin woh 5–7 projects unko 6–7 figure dete hain.

🔥 Top 1% Ka Mindset (Ye Main Khud Use Karta Hun)

> **""Main sirf un projects pe time lagata hun jahan pe smart money, smart devs, aur smart community teenon active hain.""**

🧬 Step 1: **Smart Money Ka Bloodhound Bano**

🔍 Main Jo Track Karta Hun (Daily):

Investor	Recent Bets	Signal
a16z	EigenLayer, Story Protocol	90% chance airdrop
Paradigm	Blast, Farcaster	High sybil filter, but high reward
Coinbase Ventures	Base, Layer3	Always airdrop karte hain
Binance Labs	zkSync, Scroll	Guaranteed airdrop
Multicoin	Drift, Jupiter	Solana ecosystem ka raja

> "Pro Tip: Main RootData pe "Last 30 days" filter lagata hun — **sirf wo projects dekhta hun jisme $20M+ raise hua ho aur token nahi hai.**"

🧪 Step 2: **Project Ka DNA Test (Ye Tum Nahi Kar Rahe)**

🔬 Main Jo Deep Check Karta Hun:

Check	Tool	Example
GitHub commits	GitHub	Agar last 30 din mein <10 commits → dump
Smart money wallets	DeBank	Main top 50 wallets track karta hun jo a16z ya Paradigm ke raises pe early testnet karte hain
Discord mod activity	Manual	Agar founder ya mod 48 ghante se online nahi → dump
Tokenomics leak	TokenTerminal	Agar VC allocation >25% → farm kar, lekin jaldi dump kar
Sybil resistance signals	Guild.xyz	Agar Guild pe role-based tasks hain → matlab sybil filter hoga

🎯 Step 3: Top 10 Mein Aane Ke Liye Kya Karna Hoga

🖍️ Tumhe **5 Cheezein** Badalni Hongi:

Tum Kya Kar Rahe Ho	Top 1% Kya Karta Hai
100 projects pe haath maar rahe ho	5–7 high-conviction projects pe focus
Har wallet pe same pattern	Har wallet ka unique behaviour
Tx volume 0.1 ETH	Volume >1 ETH + unique dapps

Tum Kya Kar Rahe Ho	Top 1% Kya Karta Hai
No social activity	Farcaster, Lens, ENS, Guild — full social graph
No testnet feedback	Bug reports, governance proposals, Discord help

💼 Step 4: **Mera Personal "Top 1%" Framework**

```markdown
🔍 Filter 1: \$20M+ raise + top-tier VC
🔍 Filter 2: No token + testnet/mainnet live
🔍 Filter 3: GitHub active + Discord mod active
🔍 Filter 4: Smart money wallets already testing
🔍 Filter 5: Points/leaderboard/NFT role system
```
